Social Media Guidelines

Introduction

Aspire is a registered non-profit organisation working towards making education inclusive, socially relevant, and keeping pace with 21st-century challenges. We are a people's movement to ensure all children have the best possible learning opportunities and complete secondary schooling through a revitalised government school system.

We work with communities from the remotest areas of India to ensure quality school education for all children and help them realise their full potential. Aspire recognizes the power of social media in advancing its mission of providing quality education to all children. Social media platforms provide an excellent opportunity for us to engage with our audience, share our work, and raise awareness about the importance of education. However, it is essential to adhere to certain guidelines to ensure responsible and effective use of social media channels. This document outlines the social media guidelines for **Aspire India**, including do's and don'ts, best practices, and examples.

By following these guidelines, we can create a safe and inclusive digital space that amplifies our work and engages the community in meaningful ways. Regular review and updating of the guidelines will ensure that our social media presence remains aligned with our organisation's values and objectives. This adherence helps maintain a professional and respectful online presence, upholding our mission and safeguarding our brand reputation.

Purpose of Social Media Presence

- Raise awareness about the significance of quality education and our initiatives.
- Share success stories, updates, and achievements of our organisation.
- Engage with our audience, including beneficiaries, supporters, and the wider community.
- Provide relevant information related to education and child rights.
- Promote positive and constructive dialogue on social issues.

Content Guidelines

- All social media content should align with Aspire India's vision, mission, and values.
- Focus on child-centric and education-related topics.
- Use inclusive, respectful, and culturally sensitive language.
- Avoid sharing content that promotes violence, discrimination, or any form of child exploitation.
- Fact-check information before sharing to maintain accuracy and credibility.
- Give appropriate credit when sharing external content.
- Respect the unique culture and traditions of the communities we work with, avoiding any portrayal of them as inferior.

- The tone of captions for photos and videos should emphasize our responsibility and duty towards society, rather than appearing as a favour or obligation.
- Comply with copyright laws and respect intellectual property rights (IPR).
- Uploading any image of stakeholders requires due consent from them.
- Refrain from engaging in hate speech or any form of harassment. Comments or behaviour that degrade individuals based on race, gender, sexuality, religion, culture, or identity will not be tolerated and will be removed.
- Avoid using our social media platforms for self-promotion or promoting personal businesses.
- Do not post political statements, political campaign materials, or publicly affiliate with any political party on our platforms. Such content is discouraged and will be removed from our social media platforms. Example: Share success stories of children who have overcome educational barriers, highlighting their achievements and the impact of our interventions. Use engaging visuals like photos or videos to capture their journey.

Boilerplate: "Aspire is a registered non-profit organisation working towards making education inclusive, socially relevant, and keeping pace with 21st-century challenges. We work with communities from the remotest areas of India to ensure quality school education for all children and help them realise their full potential. So far, we have reached 1.2 million children in 4 Indian States."

Adhering to children-specific laws and regulations

- POCSO Act, 2012: To protect children from sexual offences and ensure their well-being
- The Prohibition of Child Marriage Act, 2006: To prevent marriage of children below the age of 18, ensuring their protection, welfare, and development in society. It seeks to abolish the harmful practice of child marriage and promote the rights of children to education, health, and safe childhood.
- The Juvenile Justice (Care & Protection of Children) Act, 2015 (JJ Act): pertains to provisions for children found in conflict with the law in India. It also gives provisions for children in need of care and protection.
- The Child Labour (Regulation & Prohibition) Act, 1986: To regulate and prohibit the employment of children below a certain age to safeguard their rights and protect them from exploitation.
- Right of Children to Free and Compulsory Education Act, 2009: To provide every child in India with free and compulsory education, ensuring their right to education is upheld.
- Digital Personal Data Protection Act 2023: To establish a comprehensive framework for the Protection and Processing of Personal Data

Engaging with the Community

- Respond to comments and messages promptly, maintaining a respectful and helpful tone.
- Encourage constructive discussions and provide accurate information in response to queries.
- Address negative feedback or criticism professionally and urgently.
- Use social media to gather feedback, suggestions, and ideas from the community.

Inclusive & Relevant Education**

- Respect privacy and confidentiality while engaging with individuals or sharing stories. Example: Conduct interactive sessions, Q&A sessions, or contests to actively engage with the audience. Respond to comments with appreciation and provide additional information or resources as needed.

Protecting Children's Rights

- Ensure the privacy and safety of children are respected at all times.
- Obtain proper consent from children and their parents/guardians before sharing their stories or images.
- Do not disclose personal information or sensitive details of children.
- Follow legal guidelines and adhere to relevant child protection acts and regulations. Example: Share stories of children's achievements without revealing their identity or using pseudonyms. Use stock images or illustrations instead of sharing personal photographs.

Collaborations and Partnerships

- Promote collaboration with other NGOs, educational institutions, and government bodies.
- Give due credit and acknowledge partners when sharing collaborative content.
- Follow guidelines provided by partners when collaborating on joint campaigns or initiatives.
- Comply with the branding policy by ensuring that the ASPIRE logo is included whenever featuring an event, promotional initiative, or networking event. Example: Tag partnering organisations or individuals in posts to acknowledge their contributions. Share joint statements, research findings, or collaborative projects to showcase the impact of collective efforts.

Monitoring and Moderation

- Regularly monitor social media channels to ensure compliance with the guidelines.
- Address any inappropriate or offensive comments promptly and take necessary action.
- Maintain a respectful and positive tone in all interactions.
- Stay updated on emerging trends, issues, and best practices in social media usage.
- Promote a safe and respectful online environment. Report and address any incidents of cyberbullying or harassment, recognizing that such behaviour is unwelcome and unwarranted. Example: Use social media management tools to track comments, mentions, and messages. Set up filters or moderation settings to prevent spam or inappropriate content.

Social Media Account Management

- No other person outside the organisation or within the organisation should have access to the passwords of social media accounts.
- Passwords should be complex & updated regularly like monthly/ quarterly.
- Assign specific roles and responsibilities to specific staff like social media analysts, who will answer queries to bring a sense of responsibility.

Daynam

**A Society for Promotion of
Inclusive & Relevant Education**

- Assign the task of who will monitor passwords, account activity, active devices, unauthorised access, and security concerns to specific staff.
- Regular monitoring of account activity and promptly addressing any security concerns or unauthorised access.

Handling user-generated content

Store user-generated data safely.

- Avoid sharing personal or sensitive information without explicit consent & maintain the record of consent for future reference.

Responsible Hashtag Usage

- Use hashtags strategically to amplify our message and reach a wider audience.
- Research and select relevant and appropriate hashtags that align with the content and purpose of content or posts.
- Avoid using controversial or offensive hashtags that may undermine our organisation's values and cause unintended harm.
- Monitor hashtag trends regularly to ensure they remain relevant and in line with our goals.
- Engage with existing conversations using hashtags but do so respectfully and constructively.
- Create and promote branded hashtags to encourage user-generated content and community engagement. Example: When sharing content related to education initiatives, use hashtags such as #AspireIndia #QualityEducation, #EducationForAll, or #EmpoweringChildren. Avoid using hashtags that may trivialise or exploit sensitive topics, such as #ExploitingChildren. Additionally, encourage using a branded hashtag like #AspireIndia to gather and showcase success stories from our beneficiaries.
